FOR IMMEDIATE RELEASE: October 5, 2010

KinergyPower International of Welland, Ontario announces that Stefanos Horianopoulos, the co-inventer and owner of KinergyPower will be a presenter and participant in the panel “**Energy Generation Technologies**” at the DSEA Conference: Making a Sustainable Community Happen on October 13 at the Ajax Conference Centre in Ajax, Ontario.

Mr. Horianopoulos will be discussing the invention of KinergyPower and the development of its family of alternative energy products, including the KinergyPower Carpet and the KinerBump, and more recently, KinerRail and KinerPad.

Stefanos Horianopoulos, Co-inventor
and Director of KinergyPower International
